

**COLLEGE OF COMPUTER STUDIES**  
Bachelor of Science in Information Technology

October 9, 2024

Guidance Office  
MinSU - Calapan City Campus

Dear Sir/Madam,

Good Day!

We, Gwen Basconcillo, Erika Joy Rubio and Reymel Mislant are 3<sup>rd</sup> year students taking Bachelor of Science in Information Technology at MinSU Calapan City Campus. We are currently working on a project entitled "SafePath" as a requirement for our course, Application Development and Emerging Technology.

In connection with this, our group would like to request permission from your good office to conduct our study in the Guidance Office. We would like to gather pertinent information and perform surveys that will significantly contribute to the completion of our project. The data we collect will be used solely for this academic purpose. We believe that this activity will not only support your office's efforts in promoting student well-being but also help us apply and enhance our skills as IT students.

The focus of this study is to develop "SafePath", a system aimed at improving student support through sentiment analysis and chatbot interaction, enabling the Guidance Office to monitor and address the emotional well-being of students efficiently. We are hoping for your kind consideration and favorable response regarding this matter. Thank you so much and God bless.

We are hoping for your kind consideration and favorable response regarding this request. Thank you so much for your time, and may you continue to guide students to success.

Respectfully yours,

Gwen Basconcillo  
Erika Joy Rubio  
Reymel Mislant
